APPEAL FOR AUDITORIUM IS MADE TO CITIZENS

Prominent Oaklanders Unite in Urging Support

OAKLAND, June 3, 1914.

To the Citizens of Oakland:

We, the undersigned committee of two hundred, profoundly concerned for the welfare, prosperity and good name of the city of Oakland, ask frank consideration by every voter of this open letter.

In our judgment it is a time to put aside prejudice, sectional and factional feeling, personal animosities and recrimination and to consider with an eye single to the good of our city the problem presented by our unfinished auditorium.

Mistakes may have been made and doubtless were made; poor judgment may have been shown and doubtless was shown; but this committee is unalterably of the opinion that this is a time not to wrangle over what is past, but to plan broadly and to act rightly for the future.

The cost went beyond the original estimate, but investigations by the public organizations in whom we have confidence are convincing that every dollar so far expended has purchased a dollar's worth of material or labor toward the completed auditorium. We are absolutely persuaded that every dollar voted in the future for the completion of the auditorium will likewise be so expended that Oakland will have a million-dollar building, of which not only we ourselves but future generations of this city can well be proud.

CITY IN FIRST RANK.

Oakland is the third city of California. Her ultimate destiny is to take a still higher place. She holds an enviable position among the cities and towns of California—friendly to all, in bad grace with none.

The severest blow ever given her prestige and credit was when the news went abroad that, having begun a magnificent auditorium, and the cost having been found greater than anticipated, she refused to finish it. The unfavorable impression thus created must be dispelled.

With cities, as with individuals, their credit and good name is their most valued possession. An impression widespread throughout the whole west that Oakland is a city of manifest destiny, that Oakland is forging forward in wealth and beauty and in commercial power, is of untold value to us. An impression spread abroad that she has taken a backward step is indeed disastrous.

AUDITORIUM FOR ALL THE PEOPLE.

In the highest and best sense the auditorium is for all the people. It is not something for the rich and well-to-do, but means most to the man of moderate means and to his children. Not only will it be when completed a gathering-place of great conventions, but it will be a place where, without cost or for a trifling sum, the great mass of the people can enjoy great spectacles, hear great eloquence and great music.

The cost of the auditorium, through taxation, will be borne by those who use it least. The benefits will be greatest to those whose part is small in the expense of its completion.

It is not the purpose of this open letter to discuss the personal arguments that were used to defeat the bonds during the recent campaign. The thing that is absolutely and unchangeably clear is that the prestige and honor of the city of Oakland requires that the work to which we, as a people, have put our hand, should be finished; that we should not and must not take any backward step, but rather go forward with high courage and faith in the great destiny of our city.

PARTISANSHIP HAS NO PLACE.

Let us put aside partisanship and personal feeling, and with sound and disinterested judgment let us unite and our citizens to this cause.

NOT WORTH WHILE

Many Outings Spoiled by the
Most Terrible of All
Pains--Toothache

Before you go on that long-planned vacation trip have your children's teeth attended to as well as your own. Countless otherwise ideal outings are spoiled by neglected teeth. Perhaps you may say, "Those cavities have never bothered me." But think what would you do if you did? If any dentist, if they did ache?" There would be only one thing to do; come home. Wasted money, time, energy, opportunity for fun. Is it worth while taking a chance?

You may think you have no cavities, but you'd better have your teeth carefully examined to make sure. An examination will cost you nothing.

You can have those teeth filled temporarily at least, and thus insure yourself immunity from that most terrible of all pains--toothache.

School is out now, so bring the youngsters and pay me a call. I have a specialist on children's teeth who will do the work without trouble.

Children I will give my personal attention to your own problems.

My offices are located on the second floor of the Pasadena Theatre building, room 8, 1322 Broadway, corner of 14th street. Entrance on Broadway side. Phone Oakland 1233 for an appointment. My hours are daily 9 to 5:30, Monday, Wednesday and Friday evenings 7 to 9, and Sunday mornings 10 to 12. Don't forget the name.

Official's Decision Raises Income Tax

WASHINGTON. June 3.—An income tax decision handed down by the commissioner of internal revenue will necessitate the redrafting of thousands of income tax statements and will add materially to the government's revenues from that source.

In making their statements thousands of taxpayers have deducted more liberally for losses incurred than the commissioner is willing to grant. These deductions were made under paragraph B of the income tax, which reads "losses actually sustained during the year, incurred in trade or arising from fires, storms or shipwreck."

The commissioner holds that "in trade" as used in the section is synonymous with "business." A loss which a taxpayer suffered as a result of some act not connected with his regular business is not regarded as deductible from the income statement.

Mrs. Harry Chickering Recovers From Illness

Mrs. Harry Chickering has been seriously ill for several days at Presbyterian Hospital, residence on Adams street, where she makes her home. However, the crisis is past and the charming young matron, who is one of the favorites of Oakland society, is reported on the road to recovery. Later she will go to Santa Barbara.

Meanwhile flowers and messages of sympathy are being sent to the invalid, who was unable to attend the Cawston-Fillmore wedding last evening, and whose absence caused comment and inquiry throughout the city and press.

This morning it was stated that Mrs. Chickering was improving rapidly, and as soon as she is strong enough will accompany her mother, Mrs. W. G. Henry, to Santa Barbara.

TAXPAYERS PROTEST
CLOSING OF STREETS

There will be a public meeting tonight at 6 o'clock at the school, under the auspices of Taxpayers' League and Women's Improvement Club of West Oakland, to protest against the action of the Southern Pacific Company in closing streets in West Oakland leading to the waterfront. The public is invited to attend the meeting and hear arguments against the action of the railroad company.

ACCUSED BAILEE IS
PUT ON TRIAL AGAIN

J. E. King, accused of embezzeling \$700

as bailee in the transfer of property, went on trial before Superior Judge Waste today for the second time. At a former trial King was convicted and sentenced to serve six years in prison. He appealed and the Supreme Court granted him a new trial.

COOPER CASE STIRS HYNES

Governor Ordered Release, Is Assertion

District Attorney W. M. L. Hynes today set forth his side of the controversy over the proposed extradition of Sir Harry Westwood Cooper, alias Dr. Milton Abrahams, alias Ernest Moore Chadwick.

After making his statement, the district attorney said that so far as he was concerned the matter was concluded.

"These are the facts of the case," he said. "I do not care to get into a controversy of this kind with another public official, and the matter closed."

"About six weeks ago Chief Petersen called at my office and in the presence of my assistant, James M. Koxford, informed me that he desired to extradite Harry Westwood Cooper from South Africa, stating that he would be released in September of this year. At that time I told him that I was opposed to the step; first, because of the expense involved; secondly, because of the difficulty of successfully extraditing from British possessions (an example of which was the Gormley case), and thirdly, because I felt that California was better rid of Cooper.

"At that time, however, I told the chief that I did not care to set up my judgment against his, as to the matter of extradition and punishment, and that if the governor would sign the warrant I would prepare the papers. Chief Petersen then informed me that he had been in communication with Sacramento and that the governor would sign the papers. The matter was then turned over to my deputy, William E. Smith, for the preparation of papers, and I heard nothing further of it until May 25, when I received a telegram from Madsen asking me about the preparation of papers. At that time Madsen informed me that Cooper had been released from prison and that he had requested his arrest by the state department at Washington under a provisional warrant. I, at that time, told Madsen my position, as stated to Chief Petersen, and further stated that if the governor felt that under the circumstances a warrant ought to be issued and the expenses incurred, I would gladly prepare the necessary papers.

SENDS DELEGATE.

"Being personally engaged in the trial of a case and in order that there would be no misunderstanding of my position, on May 26 or 27, I sent my chief deputy, Walter J. Bupp, to Sacramento to tell Madsen of my position, as told to Chief Petersen.

"When Bupp arrived in Sacramento he was informed by Madsen that he (Madsen) had already wired Washington to release Cooper.

Madsen then telephoned me from Sacramento, telling me of his action, and I thereupon asked him whether I should notify the police department.

"The district attorney of Alameda county knew on May 26 the action taken in regard to this case, and if the Oakland police were not notified,

that it was possible that the govern-

ment at Washington would insist on our proceeding with the extradition because of the request for the provisional arrest.

DELAY FOLLOWS.

"I then informed Madsen that I would continue with the preparation of the papers so that, in the event that the request came from Washington to proceed, everything would be in readiness. Madsen approved my course and agreed to let me hear from him as soon as he received word from Washington. I heard nothing further from Madsen until June 25, when, after receiving a telephone communication from Chief Petersen, stating that the governor would not sign the warrant, I telephoned Madsen at Sacramento, and he then informed me that as yet he had heard nothing from Washington, D. C., and that he had advised Captain of Inspectors Agnew, who was then in his (Madsen's) office, to wait a day or two, as he still expected to hear from Washington concerning the matter.

MOTIVES DISINTERESTED.

"My sole purpose in taking the position that I did in this particular

"Disagreeing with Chief Petersen as to the expediency of spending the people's money to return Harry Westwood Cooper to California, and being opposed to the expense under the circumstances I felt it was only fair to the chief that the governor should be permitted to pass upon the advisability of returning Cooper to California. I, at no time, either personally or officially, requested Madsen or anyone connected with the governor's office to issue the warrant nor to order Cooper's release, but distinctly stated my position, as herein set out, regarding the matter under the circumstances I believed it was for the governor to decide whose advice should be followed—Chief Petersen's or mine.

"I believe it is my duty, as district attorney of this county, to save the taxpayers every dollar that I can, and I am firmly of the opinion still that California and Alameda county are better off to be rid of Cooper and in the possession of \$200,000 than to have him here where, after a short time, he will be released, again to victimize some unsuspecting girl or some devoted parent."

ADVISED. **SAYS MADSEN.**

SACRAMENTO, June 3.—Executive Secretary Martin Madsen, in answer to Oakland police, said the state department was notified to release Cooper when District Attorney Hynes, on May 25, when I received a telegram from Madsen asking me about the preparation of papers. At that time Madsen informed me that Cooper had been released from prison and that he had requested his arrest by the state department at Washington under a provisional warrant. I, at that time, told Madsen my position, as stated to Chief Petersen, and further stated that if the governor felt that under the circumstances a warrant ought to be issued and the expenses incurred, I would gladly prepare the necessary papers.

STATE HEAD FOR AGRICULTURE, PLAN

Fruit Growers Vote for Consol-
idation of All Allied Farm
Divisions.

DAVIS, June 2.—The formation of the Farmers' Protective League followed the numerous papers and addresses against the proposed universal eight-hour day. At the second day of the forty-fourth annual convention of the California Fruit Growers' Association yesterday.

Despite the sentiment in favor of the law among the working classes, feeling was strong against the proposed measure here.

The legislative committee of the Fruit Growers' Association voted unanimously in favor of the consolidation of all divisions of the state government having to do with agriculture under one head, probably to be called the secretary of agriculture.

Judge Peter J. Shields of Sacramento presented a rough draft of a bill to be introduced at the next legislature, providing for the consolidation of the horticultural, forestry, veterinarian, dairy, viticultural departments and the State Agriculture Society. The members of the committee present were C. C. Teague of Ventura, Judge Peter J. Shields of Sacramento, G. Marshall Powell of Los Angeles, Dr. A. J. Cook, state horticultural commissioner; Marshall DeMott of Corning, W. H. Johnson of San Luis Obispo, Dean Thomas E. Hunt of the college of agriculture, W. H. Weber of Riverside and Senator E. J. Strobridge of Alameda.

LEAGUE FIRST STEP

The formation of the Farmers' Protective League is the first step of the horticulturists of California to educate the voters to the alleged dangers lying in the proposed law so far as it affects the agriculture of the state.

George H. Hecke of Woodland acted as secretary of the committee chosen at the morning discussions on the labor problem. The other members of the committee are George W. Pearce of Davis, C. C. Teague of Ventura, Mrs. Emily Hoppin of Woodland, L. F. Graham of San Jose and Frank H. McEvitt and George Cutler of Sacramento.

While the direct purpose of the formation of the protective league is to defeat the proposed eight-hour labor and the minimum wage laws, the organization will work for the benefit of the farmers on other measures also. Other meetings will be held by the committee during the week and a complete organization will be perfected before the close of the session Saturday.

CLAIMANT OF \$100,000 ESTATE LOSES FIGHT

ALBANY, N. Y., June 2.—After a lengthy legal battle, Judge John Kenneally, of Idaho City, Idaho, yesterday, in the Court of Appeals, lost his fight to recover \$100,000 now held by the state treasurer as the estate of the late William A. Kenneally of Brooklyn.

When Kenneally died in 1878 he directed that if his brother, Edward, who had disappeared, ever was found, \$20,000 should be given him and the remainder of the estate distributed among certain charitable institutions. The Supreme Court declared the will void and the proceeds from the sale of the property were turned over to the state treasurer.

Judge Kenneally insisted that he was a half-brother of William A. Kenneally, and as the closest living relative, was entitled to the estate. The Court of Appeals held that the judge had failed to establish his relationship. Nearly a hundred different persons who assert themselves to be heirs of Kenneally have tried to recover the estate.

WILSON FORBIDS HIS CHAUFFEURS TO SPEED

WASHINGTON, June 2.—White House chauffeurs were today under instructions from President Wilson to observe automobile speed restrictions wherever they were driving. Recently a car in which the President's daughters, Mrs. Sayre and Miss Margaret Wilson, were riding, was stopped in Maryland by an officer, who charged the violation of the speed laws.

Artist Favorite Is School Pupil

RUTH McCULLAGH.

Little Ruth McCullagh, a pupil in the third grade of the Jefferson school of Berkeley, is a favorite among the artists of the bay cities, who have declared her to be an interesting study. She is very pretty and has an individuality and charm which have won for her many admirers.

There are many girls in the schools of Berkeley and Oakland schools who are now being studied as types of beauty. The children of Alameda county are among the most attractive in California.

FINAL NUMBER OF AEGIS IS ISSUED

The final number of the Weekly Aegis, the student publication of the Oakland High school, will appear tomorrow. The paper is issued weekly, the activities of that institution and the "Weekend" proved a success. Throughout the spring term the paper was distributed and was widely read in the student body. Next week it will again be published. The new editorial staff will be selected immediately after the reopening of the school.

During the past term the following boys and girls edited the Weekly Aegis: Edwin Meeks Jr., editor and manager; Pauline Smith, business manager; Carleton Kendall, organizations; Robert Adams, athletics; Richard Lester, news; editors: Ruby McLellan, Will Davis, Harrison Ryker, Carl May, Panama Smith, Wendell Phillips, Fredricka Moore, Anna H. Hodge, Harry Schary, staff artist; Lester Cuth, Horace Breed, circulation manager.

For the character best representing a department of Taft & Pennoyer's store the prize went to the notion department represented by Miss M. Nicol whose costume was very unique.

HUSBAND, WIFE, "TAX FORGER," PLEAD GUILTY

PORLAND, Ore., June 2.—Earl Carl and his wife Harriett, the "tax forgers" who duped Portland merchants out of \$700 in money and merchandise before they were arrested a week later in Los Angeles, yesterday pleaded guilty. Earl was sentenced to one to five years in the penitentiary, sentence on Mrs. Carl being withheld. Earl escaped from the county hospital here soon after his return from Los Angeles several weeks ago. He was re-caught in Oregon City. Carl and his wife went from store to store, getting merchandise on bad checks, changing their costumes between stores, in a taxi to evade detection.

CITY LOSSES ITS LEGAL FIGHT OVER OLD TAX

SAN FRANCISCO, June 2.—The city government has lost the first round of the legal fight waged by certain heavy taxpayers of San Francisco of San Francisco to have declared illegal the 1910 "emergency" tax rate of 29 cents.

The Supreme court, in a decision handed down yesterday, reversed the Superior court, which had sustained the city's demurrer in the case of the San Christina Investment Company.

The victory is the result of a suit on which hinges the possible recovery by the taxpayers of many thousands of dollars in 1910 taxes.

JESUS' LIFE IN MOVING PICTURES

"Creation" Feature Is to Be
Modeled on "Passion
Play."

Creation's drama, at Idora Park, stepping through the ages, is portraying the life and times of Jesus. Beginning with Monday, June 1 and continuing for several weeks are being shown scenes enacted in Palestine on the very ground made sacred by the feet of Jesus.

Customs, clothing, architecture and landscape have changed but little since the days of Augustus Caesar, and the first census of the world, when it became imperative for Joseph to take his family back to the ancestral home, the city of Nazareth, for both Joseph, through Solomon's line, and Mary, through Nathan's line, were descendants from David, and must be enrolled in Bethlehem.

Prophecy announced that Solomon's line would not bring forth the Messiah, thus precluding the possibility of Jesus' being the son of Joseph, a point higher critics overlook.

The order of events in the Passion Play as enacted at Santa Clara University some years ago are faithfully presented in living pictures from the angelic glad message to the shepherds, the birth of Jesus, his baptism, his many works of healing, his future glorious reign for the blessing of all the families of the earth, down to the final affecting scene of His last week.

Our faith and heart reliance upon our God are strengthened as we behold His love for us.

Tues. and 3 p. m. daily. Seats free; no collection.

Admission by ticket only. Tickets secured at the following stores: Kahn Brothers, Capwell's, Taft & Pennoyer's, Hale's, Sherman & Clay's, Pig and Whistle, Smith Brothers, Breuners, Owl Drug Stores and the Key Route stations.

U. S. Professors Take Trip to
Look Into Various
Governments.

WASHINGTON, June 2.—What is characterized by the Pan-American Union as a departure in the development of closer relations between the United States and the countries of South America is the mission of the eleven American professors now on their way to South America. The delegation will be accompanied by a careful study of the governments and peoples visited and interview educators and students to better acquaint them with the educators and educational methods of the United States.

The party is headed by Dr. Harry Ervin Ward, director of the Pan-American division of the American Association for international conciliation.

CLUB DEBARS ALL WORRY

And Others Are Busy With Authors or Schools

(BY BETTY MARTIN.)

The Worry No More Club gave a picnic recently out at Castle Valley, but the place is located here or there. It is to be presumed that everybody concerned, youngsters particularly, had a good time. It is to believe, also, that some one among the jolly club got stung by the inevitable hornet; that one or two custard pies got spilled on the grass, and the unware deposited his unconscious frame in dangerous proximity to the milk and egg mixture. All these and more incidents of similar character go to complete the happiness of the average picnickers, together with brassed shins, a fresh account of tickles, scratches, etc., and an aching, aching, aching, arthritic limb. The Worry No More Club. The name sounds good. It is good.

Why should you, or any one else, worry, no matter if financial stringencies oppress, creditors hound, sickness appeals and debts go out of date, etc., etc., worry?

COLLECTORS AVAUNT!

If the uncharitable collector persists in ringing your door bell and stands on the steps long enough to attract the attention of the neighbors—that is, if you think there is such a man there—it might be well to open the door, just by way of disillusionment, and thrust out your arm with such a gesture that it will be an as-called collector in an instant's help at the foot of the steps. Of course this procedure would be of the mind only, but it might convince you that there is really no justification for worry.

Or what is it to worry anyhow?

Did worry ever add one iota to the world's happiness? Didn't worry ever gain a point? Not for your life!

It's all right to "take heed for the morrow," even though the likes of the field are gorgeously arrayed regardless of conscious effort, but as to worrying—banish the thought!

But where can you not establish a chain of "Don't Worry" clubs? Every neighborhood ought to have one. The cheerful grumbler who revels in his misery and who wants everybody else to do likewise should be banished to the Isle of No-where with Nobody for his companion. ostracize the beast.

SHORT-STORY LECTURE.

The California Writers' Club held their

'TIZ' FIXED MY SORE, TIRED FEET

Just take your shoes off and then put those weary, shoe-crushed, aching, burning, corn-pestered, bunion-tortured feet of yours in a "TIZ" bath. Your toes will wiggle with joy; they'll look up at you and almost talk, and then they'll take another dive in that "TIZ" bath.

When you're all tired out—just try "TIZ." It's a real d—d your feet will dance with joy; no more pain in corns, calluses and bunions. There's nothing like "TIZ." It's the only remedy that draws out all the impurities and makes them puff up your feet and cause foot torture.

Get a 25 cent box of "TIZ" at any drug or department store—don't wait. And how glad your feet get how comfortable your shoes feel. You can wear shoes size smaller if you desire.

Serenity of Mexican Mediators.

Announcement from Niagara Falls is to the effect that the A.B.C. mediators are "serene," for which condition all concerned are no doubt very thankful, for existing conditions are not making for serenity in large clusters. The South American peace-makers are encountering many obstacles along the pathway to satisfactory adjustment.

Carranza appears to be a disturbing element. He and his adherents insist that the mediation board has been misinformed as to the status of affairs in Mexico. They claim that the revolution has been carried almost to a successful completion and urge that its climax means the establishment of a government entitled to recognition by the rest of the world, that Huerta's end is in sight; that all that prevents the rebels from entering the City of Mexico within a week is the physical impediment due to destruction of the railroads and with communication restored the fall of the city is only a matter of a few days. Carranza also expresses surprise that the peace commission has suggested that he must recognize whatever provisional government they may decide to set up and to declare that he must be forced to recognize it or be

expelled, and in connection with this last point, he asks the pertinent question: "In this event, who is to do the crushing?"

Objection is also made to the plan to make Huerta a candidate for President at the election which will follow a restoration of order, merely to save his face, or "preserve his honor." Carranza and his friends hold that he should be made the provisional President pending the re-establishment of permanent government, and naively calls attention that it is not the custom of conquerors to permit the conquered to dictate terms.

Lastly, the Carranza forces object to the mediators attempting to settle the agrarian question in Mexico and suggests that it might be well for the mediators to first dispose of their own problems in this respect.

That Carranza has taken a strong position is evident. He has good legal talent employed, men who understand international law. That he is justified in his stand is plain beyond dispute. In the first place, Huerta's end is in sight. Hemmed in on all sides, confronted by a powerful force, his avenue of supplies interrupted, his revenue limited, he can hold out but little longer. One more decisive battle and he will be overthrown.

With Huerta eliminated, what will be the situation? Carranza and his forces will be in power. They will have control of all the functions of government and as de facto rulers will be entitled to recognition. Under international law the restoration of stable government will be in their hands and on them will fall the duty of bringing order out of chaos. With the fall of Huerta there is nothing left to mediate and Mexico's destiny must properly be left to Mexicans.

While on the topic of Mexico a word should be said in favor of this man Huerta. While it is true he achieved authority by means which we consider unfair and is no doubt guilty of the crime of causing the assassination of Madero, at the same time the stand he has made since assuming control has been such as to entitle him to a place in history not altogether disreputable. Denied recognition by the great nations, unable to make loans for carrying on the war, limited in his supplies, his ports blockaded while his adversaries were furnished with munitions, he has made a gallant stand under great difficulties and has fought his enemies at every point with a stubbornness that is entitled to no small measure of congratulation. That his accession was contemptible, that his overthrow will mean much good for his unhappy nation is admitted, that his downfall is a consummation to be devoutly wished for are all true, but in spite of all that has been said against him, despite all that he has done, his military defense of his position is something that calls for admiration.

Piffle! Just as we were all ready to boast of a first-class volcano for sight-seers, comes the news it is merely a new geyser.

Oklahoma, Missouri and Kansas want 82,000 men for work in the harvest fields at \$2 to \$3.50 a day, commencing June 15th. No wonder Cooley's army petered out.

However, if Mt. Lassen isn't volcano we still have the candidates with us to furnish needed eruptions.

June 6th has been urged as "anti-rooster day," an occasion on which poultrymen are urged to slaughter their male fowls for the benefit of the egg industry. If this is the fact, all right; but somehow it sounds like another phase of the feminist movement.

Help the City Garden Soldiers.

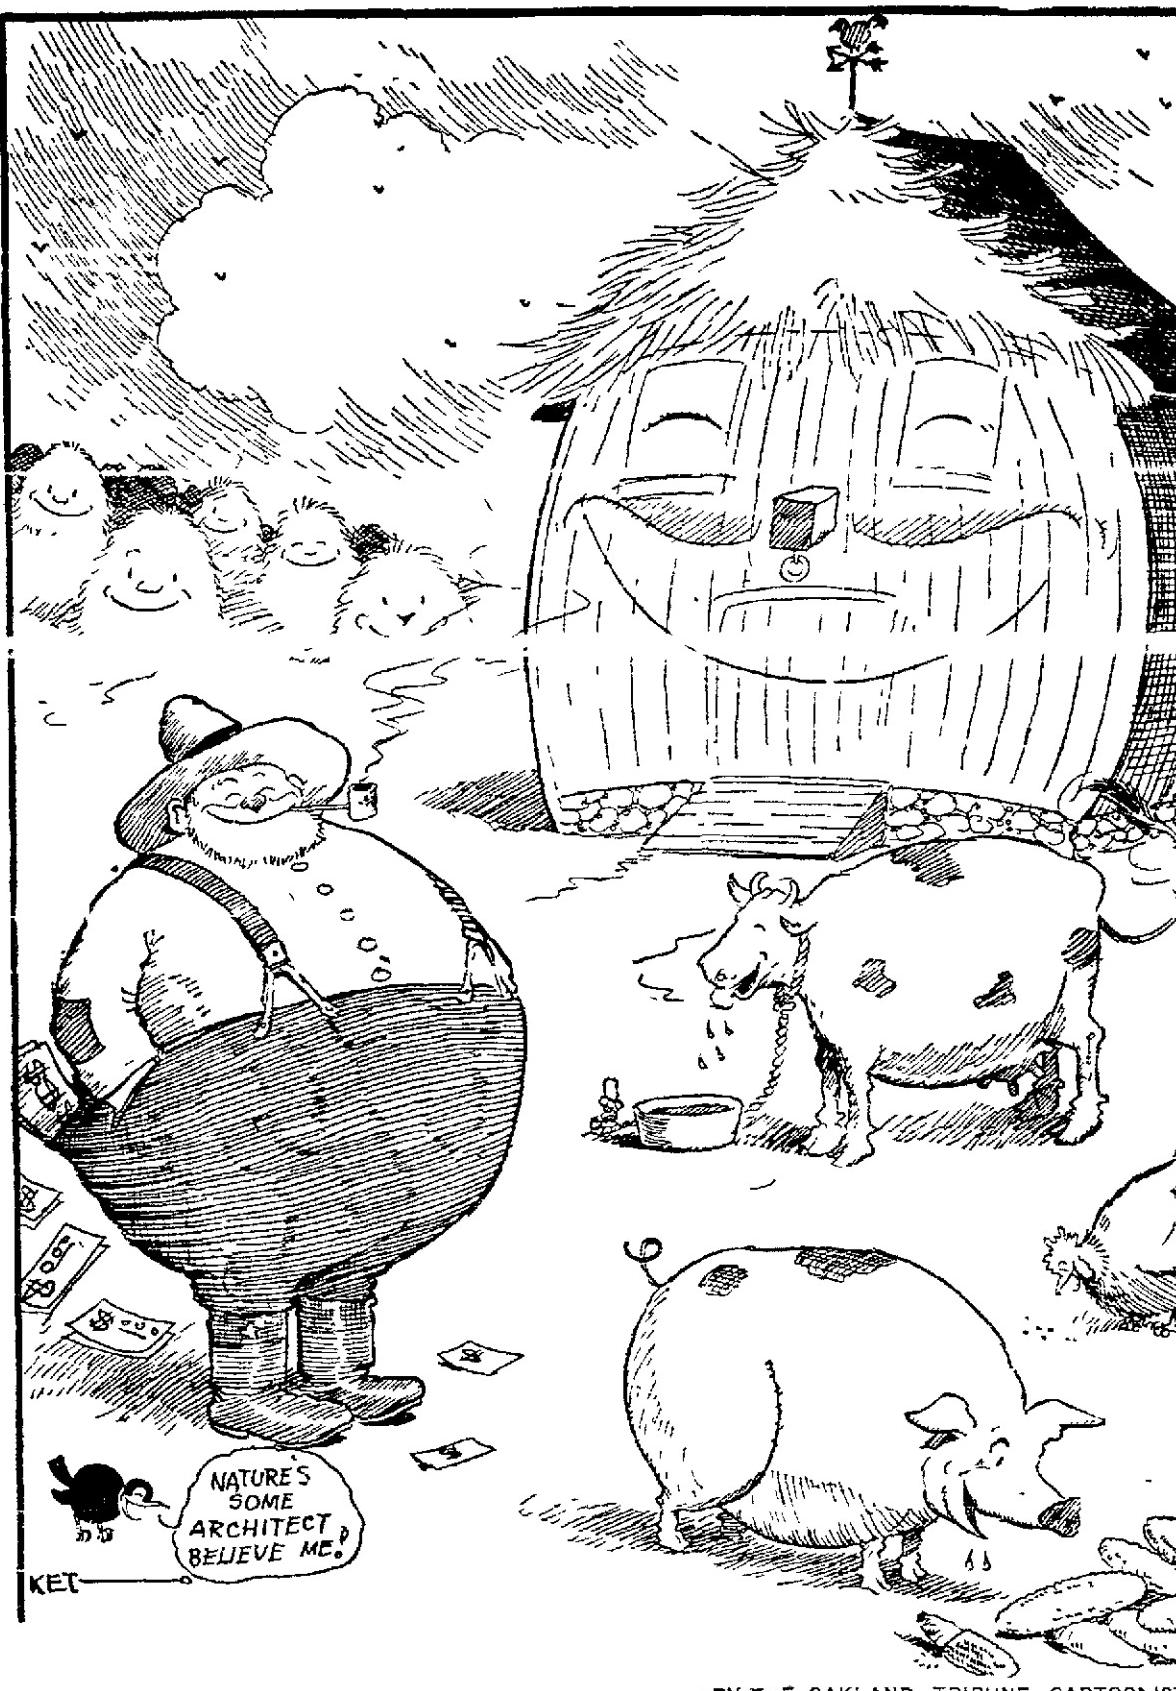

Oakland's 20,000 City Garden Soldiers want two million geranium plants for the beautifying of the city for 1915 and a call has been issued to parents and neighbors to put out slips and start them growing so that when needed they will be immediately available. Fifty thousand circular letters have been sent out urging the planting and it is urged that all respond.

THE TRIBUNE suggests a ready compliance with the request. The pupils of the schools are engaged in a laudable work that of making this city one of the most beautiful on earth by the planting of flowers, the destruction of noxious grasses and weeds on vacant lots and substituting therefor the glorious blossoms for which California is so justly famous. The boys and girls are very energetic in the work and their elders ought to encourage them in every way possible.

Those interested in this plan of improving the aspect of Oakland during the year when so many thousands will visit us should visit the scene of the planting of 20,000 rooted geraniums by 2000 of the City Garden Soldiers on Harrison, Grand and Lake Shore boulevards Friday afternoon, at which time the Mayor and other city officials will be present. This will convey an idea of the magnitude of the work and disclose, in part, the needs of this army of industrial beautifiers. Incidentally those not interested can learn an object lesson by visiting the places designated; perhaps the sight may prove an inspiration.

"Where are the cheering Irishmen and the countless thousands who sympathized with Ireland in her struggles for autonomy in the years of long ago?" passionately asks the Sacramento Sunday News. While not desiring to appear the least bit pestilential, Emmett, we state with all the mildness the occasion warrants that they are doubtless still with us, and at the proper time when the Home Rule bill becomes effective, will no doubt signify their satisfaction by manifestations of genuine satisfaction.

FARM LIFE THIS COMING FALL**HUERTA, "KING BOMBA" OF MEXICO**

From her first achievement of independence Mexico has been divided between the privileged few and the unprivileged many. Continuously, except for Guadalupe's short presidency in 1827, the ascendancy of Alvarez in 1855 and the presidencies of Juarez and Lerdo de Tejada following the downfall of Maximilian's empire, the privileged minority has ruled the country.

From time to time the liberals, representing the great masses of the people, have shown dangerous signs of activity. They have been repressed by various means. A plan that has been repeatedly tried is the provocation of foreign war.

Whenever Mexico has been threatened or attacked by a foreign country people have forgotten their wrongs and have rallied to the support of the government which had exploited and enslaved them. The dominating classes have been willing to suffer territorial loss in order to bring about an appearance of national unity under their leadership.

The marine disasters of 1910 amounted to \$25,000,000 in British insured ships and cargoes, totally lost, as compared with \$26,500,000 in 1912. The figures for

AMERICANS SLAIN IN MEXICO

Washington, D. C. Man Executed, Supposedly as Spy

WASHINGTON, June 2.—The killing of Weston Burwell, of this city, and a companion, supposed to have also been an American, by Mexicans in the Tampico district about two weeks ago was confirmed today. Reports that Burwell was executed as a spy are being investigated by the gov-

ernor Huerta, the Spanish ambassador, asked Secretary Bryan today to appeal to prevent the assassination of Spanish citizens at Tampico.

According to the ambassador's address, another forced loan of 137,000 pesos has been demanded by Constitutionalists.

Consul Canada, at Vera Cruz, reported Constitutionalists insist that clearance papers for ships from the United States bound from Tampico, hitherto signed by Huerta's consular officers, must be signed by the Constitutional officers in the future.

Secretary Bryan made this statement of the new Constitutionalists' policy:

Vessels clearing from ports where there are no constitutionalist agents may have their papers signed by the postmaster at those points. Notice to this effect was issued to all foreign consuls at Tampico June 2.

NOTE NOT RECEIVED.

The note of the mediators, dealing with the question of constitutional representation at the Niagara Falls conference had not been received to-day at constitutional headquarters here. Rafael Zubaran, General Carranza's representative, prepared to put it in code and dispatch it immediately upon arrival to the constitutional first chief, by whom the answer to the suggestion for an armistice can be given.

No statement regarding its contents will probably be issued until the message is in General Carranza's hands, since, though technically addressed to Zubaran, the communication is regarded as a matter with which Carranza and his advisers in Mexico should deal personally.

FEDERAL BOTTLED UP.

DURANGO, Mex., June 2 (via El Paso, Tex., June 3).—The Federal forces which evacuated Matamoros and fled southward are bottled up at Venegas about 100 miles south of Saltillo by General Carranza.

General Eulio Luis Gutierrez, who, with his brigade, was ordered to cut off the Federal retreat, checked the movement toward San Luis Potosi, and forced General Haas and his men to take refuge in Venegas. Gutierrez, whose home is near Venegas, through his knowledge of the country, was enabled completely to outwit the Federals.

Word was received that a large force of Federal soldiers, including many Federal officials, had deserted from the San Luis Potosi garrison and had joined General Torrez. General Carranza appointed General Panfilo Natera, now before Zaca-tecas, commander-in-chief of the first division of the army of the center. An enthusiastic greeting was given to Iglesias Calderon, leader of the Liberal party, who was in a long conference today with General Carranza. Arrivals from Mexico City continue to bring news of discontent with the Huerta government at the capital and of disorganization in Federal forces.

Hundreds living near Mexico City who had been awaiting the announcement by Huerta that the Constitutionalists and Federals had joined to fight the American invaders have deserted the Federal ranks since they have discovered this untrue, and have joined the Constitutionalists.

In response to a request for information from the United States department of state, General Rafael Buelna has reported from Tepic that Theodore W. Jones, the American who was imprisoned in that city by Federals, had been liberated by the Constitutionalists and was now safe. Jones was charged with having shot a Mexican over a private difficulty.

Hobson Sank the Merrimac Just 16 Years Ago

WASHINGTON, June 2.—Officials at the navy department today recalled that exactly sixteen years ago Lieutenant Richmond P. Hobson and seven enlisted men steered the collier Merrimac into the narrow neck of Santiago bay and under the fire from the great guns of the frowning fortresses sank the boat in an attempt to bottle up Admiral Cervera in the inner harbor. Although the purpose for which the Merrimac was sunk was not successful, the act was considered one of the greatest exhibitions of individual heroism of the war. The seven men who were chosen for the duty were D. Montague, chief master-at-arms; George Charcott, gunner's mate, third class; R. Clauson, C. Diogman and J. E. Murphy, coxswains; G. E. Phillips, machinist, and F. Kelly, water tender.

ures, according to reports received here today.

Insufficient water in the Yaqui river have prevented great agricultural pursuits being conducted in the most satisfactory way. Because of the scarcity of water it was reported farmers of irrigation systems have opened the sluice gates and used all available supply, regardless of the spirit of conservation and the rules of distribution. As a result, a few farms have received more water than they needed, while the great majority suffered from drought.

Another report received here today was that for the second successive year the wheat crop in the Cumpas district would be a complete failure because of drought.

REBELS CAPTURE VESSEL. ON BOARD U. S. S. CALIFORNIA, MAZATLAN, Mex., June 2, by wireless to San Diego, June 3.—The Mexican schooner Garibaldi, carrying a cargo of sugar, went aground today on Piedras island in Mazatlan harbor and was captured by the constitutionalists. The vessel is breaking up in the surf.

The federal governor of Mazatlan has granted permission to a representative of the United Sugar Company to enter the constitutionalists' lines to try to negotiate for the return of the captured sugar.

MAZATLAN'S FALL NEAR. (Mail Correspondence of THE TRIBUNE.)

ON BOARD U. S. S. CALIFORNIA, MAZATLAN, Mex., May 20, to San Francisco, June 3.—That Mazatlan will fall is a foregone conclusion in the opinion of the townspeople, its capture appearing to depend entirely upon the wishes of General Obregon, commanding the constitutional forces. There are 2400 federal troops bottled up in the city and unable to do any effective work. General Obregon thus was permitted to send the main body of his army toward Guadalajara for the purpose of cutting railroad communication between the west coast and Mexico City. The object of this move was to prevent arms and ammunition landed at Manzanillo from reaching Huerta's forces.

The American naval forces on the west coast, under the command of Admiral Howard, have been carrying out a policy of strict neutrality, their primary object being to assist Americans and foreigners to leave Mexico. Many, however, have preferred to remain, relying on General Obregon's promise to safeguard the lives and property of all foreigners.

With the fall of Mazatlan imminent there is some speculation as to just how safe non-combatants will be in the neutral zone which Admiral Howard succeeded in having established.

The temper of the natives is such that their actions cannot be foreseen.

INDIANS READY FOR BATTLE.

Seven hundred feather-decked Yaqui and Mayo Indians are concentrated on Pierdas island, which commands the harbor of Mazatlan and which is within 2000 yards of the city. These Indians, grouped into a so-called regiment, are commanded by Colonel Rodriguez, a Mexican from the hills of Chihuahua.

Manzanillo apparently is not in agreement with the existing policy of his chief, General Obregon. "If the general," he said to the Associated Press correspondent yesterday, "would only give the word I could take the city without any assistance. My heart is too warm." He said he had three 60-millimeter guns on the beach.

Emplacements have been constructed for the artillery on the island commanding the harbor entrance. Out in the open on the sand stands the field piece that was used effectively in the attack upon the stranded federal cruiser Morelos, which was later dynamited by two German officers in the constitutional army, assisted by the Mexican, Evaristo Jersimillo.

BUYER RETURNS FROM LONG TOUR OF EAST.

A. J. Nathan, manager and buyer of the carpet, rug and drapery department of the Jackson Furniture company, returned yesterday from an extended trip through the eastern cities. Mr. Nathan called on the large manufacturers, also went through many of the big retail stores in Boston, New York, Philadelphia and Chicago. Every one, he says, is in a position to make a profit if one says they will. Mr. Nathan declares there will not be standing room in Oakland, as he took particular pains to tell them about the convenience of staying in the city. They could take the ferry direct to the position quoted.

Mr. Nathan says that every one has a different opinion as to the cause of business depression throughout the country, but that business conditions are better and look brighter for the future in Oakland than any city he visited.

"MOVIE" MANAGER'S WIFE GETS DIVORCE.

SAN FRANCISCO, June 3.—After all of the property rights had been settled out of court and after the plaintiff had testified to only the minor allegations of her complaint, Mrs. Ross Bories was granted a divorce decree by Superior Judge Graham today from Leon Bories, manager of the General Film Company. She was represented by Attorney Theodore Roche and corroborated in her testimony by her mother and sister. She told of Bories' sharp language and of his striking her and leaving marks on her face.

HELD UP IN STORE.

SAN FRANCISCO, June 3.—Michael Erb, of 1212 Guerrero street, went into a back room in the Acme saloon, 58 Embarcadero, this morning, and was followed by a man who had been standing at the bar. As Erb turned around the stranger held him up and took \$20 from his pocket. He warned Erb to make no outcry and succeeded in escaping.

SENATE MAY VOTE TO TREAT

Panama Canal Tolls May Go to International Hearing

The Senate Committee Urges Adoption of Resolution

WASHINGTON, June 3.—By a vote of 8 to 6, the Senate Foreign Relations Committee today adopted the Suiterman resolution, directing President Wilson to open negotiations with Great Britain for special arbitration of the Panama tolls dispute. The resolution now goes to the Senate.

Senator Borah, Republican, was not present when the vote was taken, but later notified Chairman Stone he wished to vote against representing the resolution, making the vote eight to seven.

Senators Stone, O'Gorman, Pomerene, Swanson and Smith of Arizona, Democrats, and Smith of Michigan, Republican, were the others voting against it. Senators Hitchcock, Williams and Saulsbury, Democrats, and Lodge, Root, McCumber, Sutherland and Burton voted for it. Three were not present.

Senator O'Gorman declared the action would not affect the fight against passage of the repeal bill.

"I don't know what the vote indicated," said Chairman Stone's only comment. "It is well understood in the Senate, however, that many Senators who favor arbitration believe that before it should be chosen as a means of settlement the repeal bill should be enacted."

HOLY NAMES PUPILS TO GIVE MUSICAL PROGRAM

Pupils of the grammar school department of the College of Holy Names on Webster street will give a musical tomorrow afternoon at 2 o'clock in the College auditorium. The entertainment consists of a high school of Holy Names, will be held June 12, when nine girls will receive their diplomas.

One of the interesting features of the program tomorrow will be the operetta called "Elma, the Fair." Children numbers will include: "Alicia and Blackie" (Hart); "Mary Tavare, Berenice Kiesnick and Margaret Dunne; "Pond Life" (Denzel); the junior choral class; "Japanese Lullaby" (reading), pupils of the fifth and sixth grades; "Pastel Ronde" (C. W. Green); Anna Sloan, Chambered Nautilus, reading with piano accompaniment; pupils of the seventh and eighth grades; "In the Lovely Month of May" (Glerke); Thelma Depauli; "Le Secret" (Cautier); Frances Evers, Angela Bernella and Madge Hobson; "Picciotto Bluettes" (T. CONTRACTOR EXPLAINS DEAL; CASE DISMISSED

C. Linblad, a contractor, was arrested this morning on a charge of obtaining property under false pretenses. In the case, he obtained a half on hour lease before Judge George Samuels when Linblad explained the situation to Hite Grove, 880 Fairmont avenue, the complaining witness. Linblad had purchased an automobile, giving in payment notes signed by a relative, and secured by property in Richmond. He later sold the property to Grove, receiving \$100 in exchange. Linblad was taken ill, and during his illness the relative sold the Richmond property and disappeared, leaving the notes to the automobile company unpaid. The company took possession of the automobile, and Grove filed a criminal charge against Linblad. There was no intent to defraud on the part of Linblad, and on his agreeing to return Grove's property, the case was dismissed today.

fashions immodest
But Comfortable, Says
Women's Club Chief

CHICAGO, June 3.—Woman suffrage still is an open question and women's fashions at present are immodest but comfortable, were statements made here today by Mrs. Percy W. Pennybacker, president of the General Federation of Women's Clubs. Mrs. Pennybacker arrived today to prepare for the annual convention of the federation, which opens here June 9.

"As to woman suffrage," she said, "that remains an open question. Personally I approve of it because I think the highest type of woman is interested in politics and everything that is vital in life. Aside from the extreme low neck and the slavish following of Parisian styles, which are to be condemned, I think the present fashions are enjoyable," said Mrs. Pennybacker. "The freedom which women have now about the chest and waist which allows deep breathing and comfort is to be praised."

With two or three of the most interesting topics before the federation, Mrs. Pennybacker said.

DECISION HITS CLUB-JUMPER JOHNSON

Injunction Sustained Restraining "Chief" From Pitching for Federal Team.

CHICAGO, June 3.—Judge Foell, of the Superior Court of Cook county, today sustained the injunction restraining "Chief" Johnson from pitching for any clubs besides the Cincinnati Nationals, and by his decision stopped what was predicted would be the biggest raid on ballplayers ever made in the history of the game. Scores of players now in the ranks of organized ball, including a dozen or more stars, were ready to "jump" from their clubs to the outlaw league at the word that Johnson's case had been decided in favor of the Kansas City Federals, whom he joined after deserting Cincinnati.

Contracts, it is said, had already been signed, depending only on the contingency that the pitchers "jump" would be held legal.

In a similar case involving a dispute between the Philadelphia Nationals and the Chicago Federals for the possession of William J. Killifer, a catcher, decision is expected in the United States Court at Cincinnati about June 10.

Judge Foell, at the request of the Federal League, granted an appeal and twenty days for filing the certificate of evidence.

HAND SWEEPING OF STREETS FAVERED

Superintendent Brown Says Plan Is Better and Cheaper.

That hand sweeping is not only better, but just as cheap, as sweeping the streets by machinery was the substance of a report made to the city council today by Superintendent of Streets Peter F. Brown. In his findings concerning the letting of contracts to clean the streets for the coming fiscal year, as a result, all bids were rejected by the commissioners, and new specifications will be prepared containing a provision for gradual reduction of the area of streets to be cleaned by machinery. It was considered that it would be unfair to let the contract necessitating the use of expensive machinery, under the old specifications, when it is the intention to gradually go away with this form of cleaning the roads and thoroughfares. The advantage of hand sweeping over machine sweeping costs twice as much, that the hand sweeping can be done in the daytime, thus keeping the streets in good condition at the time they are most used. The big clumsy street sweepers can only be used at night and the streets generally become uneven, unsafe in the morning. The bidders this morning were J. Martin, who has swept Oakland streets for 22 years; the Graves Street Road Machinery Company and the Sanitary Street Sweeping Company.

CITY AUDITOR GROSS TO ATTEND NATIONAL MEET

City Auditor George E. Gross will leave the last of this week to attend the National Association of Controllers and Accounting Officers to be held in Milwaukee, June 11 to 13 inclusive, as the representative of Oakland. Gross was given a leave of absence today by the city council and the amount appropriated to pay the expenses of the trip. City accounting and auditing will be discussed at the convention. A number of papers having been prepared on different phases of this subject by experts.

Doctor Tells How to Shed Bad Complexion

We cannot restore degenerated facial tissue any more than we can restore a lost limb. It is useless to attempt to convert a worn-out complexion into a new one. The rational procedure is to remove the complexion entirely and move it, as by a surgical measure, to another, too tender, to withstand immediate exposure. Applying ordinary emulsion wax will gradually absorb the offending cuticle. By degrees a new, youthful skin appears; a skin soft and delicately tinted as a petal.

No lady should hesitate to try this. Procure an ounce of mercurial ointment of the druggist. Spread on a thin layer and retiring, removing this in the morning with soap and water. In from one to two weeks the complexion is completely transformed.

An approved treatment for wrinkles is

RAILROAD MEN TO VISIT OAKLAND

Western Pacific Officials Will Be Guests of Commercial Club.

Western Pacific Railroad officials, including all the vice-presidents and general passenger and freight agents, will arrive in Oakland on Monday morning, June 8, and will be the guests for the day of the Oakland Commercial Club. The information was received this morning from District Freight and Passenger Agent Walter P. Townsend in a telegram from Salt Lake City.

The party, which will be two hundred strong, including the wives of the officials, will reach the Key Route Inn shortly before 10 o'clock in the morning and will be welcomed by a committee from the Commercial Club. Automobiles will be at the station and the party will be taken for a two hours' tour of the city and environs, including a visit to the Highland Boulevard. On the return from the drive, a luncheon will be served to the guests at the Hotel Oakland at which the formal welcome of the city will be extended by Mayor Frank Mott.

The railroad officials, who are making a tour of inspection of the lines of the Western Pacific and Denver and Rio Grande, had planned to visit the Pan-Pacific Exposition and the World's Fair preparatory to their route inspection. They were met at Salt Lake City by Joseph E. Caine, managing director of the Commercial Club, who has been in the cities of the western states.

Three men attacked Ah Hin, 709 Webster street, last night at Seventh and Webster streets, and attempted to rob him. Hin made outcry, and the men ran away. They did not succeed in obtaining anything of value.

ARRAIGN ALLEGED BLACKMAILER BAU

Bail Fixed in \$5000 for Secretary of Italian-American League.

Michela Bau, secretary of the Italian-American League, was arraigned before Judge Mortimer Smith this morning on a charge of felony extortion. The case was put over for preliminary hearing, bail being fixed in the sum of \$5000.

Bau was arrested in connection with the investigation of the attempt to blackmail Charles Rubino and Joseph Aron, wine dealers of 1117 Seventh street. The first arrest was that of Joseph Cordone, who was taken into custody some days ago, and who went on a hunger strike while in prison. The two men are detained by the police as leaders of a group who have been terrorizing members of the Italian colony in Oakland and San Francisco.

Threatening letters sent to merchants are said to have been in the hands of both men. The messages were addressed according to the handwriting experts, by Cordone.

LAST SACRAMENTO CO. PIONEER PASSES AWAY

SACRAMENTO, June 3.—Frederick S. Hotchkiss, one of the last three of the pioneers of Sacramento county, the other two being Joseph Sims and Colonel Dan Burns, died at his home in this city last night, aged 91. He came to San Francisco from Connecticut in 1849 and two years later removed to Sacramento, where he resided ever since. He leaves many descendants.

RECOVERS WARD'S PICTURE

IRVING, June 3.—John Ward, Manuel Rivas, has received a interesting letter from Carlos Ward, son of a Hayward pioneer who organized the fire department in this city. Ward enclosed a photograph of his father which the fire chief will have enlarged.

The first arrest was that of Joseph Cordone, who was taken into custody some days ago, and who went on a hunger strike while in prison. The two men are detained by the police as leaders of a group who have been terrorizing members of the Italian colony in Oakland and San Francisco.

ATTORNEY EXONERATED ON KINARD'S CHARGES

SAN FRANCISCO, June 3.—Attorney James H. Boyer was exonerated by Judge Murasky yesterday of a charge of embezzlement against him by C. E. Kinard of Berkeley.

According to the testimony, Attorney Boyer represented Kinard in a civil action, recovering a judgment of \$900. He deducted the fee agreed upon and before he could turn over the remainder of the money to Kinard, Kinard attached it for bill which Kinard owed to a third person.

Former Judge John Ellsworth, District Attorney Hynes, Police Judges Samuel and Smith and Chief of Police Petersen, all of Oakland, testified.

SESTO, Calabria, Italy, June 3.—The Italian Aviator Corrado was drowned in Lake Maggiore yesterday, as the result of the bursting of the engine of a biplane in which he was making a flight.

NATIONAL ACADEMY REPORT

ANNAPOLIS, Md., June 3.—The board of visitors to the naval academy has been organized by the selection of Senator Miles Polk Dexter of Washington as president. Instead of the usual long list of committees they resolved themselves into one committee and will prepare a report to Congress on the needs of the institution in the way of assistance from the federal government.

MUSICAL AUTHORITY DEAD.

CHICAGO, June 3.—N. B. Emanuel, assistant director of the Chicago Grand Opera Company and musical director of the Chicago Civic Opera, died yesterday morning at his home in the Loop.

RETAIL COAL DEALERS TO HOLD ANNUAL PICNIC

The Retail Coal Dealers of Alameda county will hold their 11th annual picnic on Wednesday, June 17, at Grand Canyon Park. This is the most enjoyable family picnic that leaves Oakland during the year.

Valuable gate prizes are given and the sports and athletic games are very liberally rewarded by prizes donated by the Wholesale Merchants. The children are all splendidly looked after and every child receives a box of fine candy tree.

A splendid orchestra has been hired to play in the dancing pavilion and all members of the association, with their wives, children and friends are looking forward to this annual event.

All court yards in Alameda County will be closed on that day.

MISS JOSEPHINE REEVES, WHOSE WEDDING WILL TAKE PLACE THIS MONTH.

COLORED wigs have come and gone. They are still in the hair dressers' windows and there was one on a Key Route boat the other day, that is to say, on the head of a passenger. It was a delicate pink shade, that may be blonde in colored wigs, and it was not unbecoming to the blue-eyed young woman who wore it. But one wig doesn't make a fashion and the mode is dead.

The last big colored beads for men. They wear them in Paris this season. One may consider it a proof of the equality that feminists insist upon. Men in pink beads are not superior to women in green wigs.

At a recent ball in the Faubourg St. Germain the young poet, Armand Delays, appeared in a blue Van Dyke with moustache to match; and Poiret, who creates modes and inspires sartorial fancies of the hour, declares he has taken his own beard green, and that the green whiskers of Assyrian kings will be worn this season.

They burlesqued the fashion at a London dinner the other night. Mrs. George Keppel gave it, in a pink wig, and among the guests was Lady Alastair Innes-Ker, whose husband has been playing polo at Coronado and visiting Burlingame. She was a futurist study in black and white. The men had added beards of many colors to their usually undecorated faces. There are few genuine beards in English society. But they wore Van Dykes, imperials and the old-fashioned full sweep in brilliant tones of purple and red for the occasion, and the hirsute decorations were removed later.

There is really no danger of their being popular, though they may appear in society, like colored wigs that were worn at Mrs. Stuart Hawley's dinner and several affairs in San Francisco but not as a fashion to be seriously followed like green hats or monocles.

MRS. LYMAN TO ENTERTAIN.

Mrs. George Lyman (Dorothy Van Sickle) has sent out invitations for a housewarming luncheon June 10 at the Franconia Club in honor of Miss Agnes Tillman, whose engagement to baron Van Eck was announced last week. The hostess and guest of honor will debut the same season in San Francisco, where she will be a favorite friend for several years. Mrs. Lyman's relatives and friends will gather an intimate gathering of young matrons and beauties of the same set.

Dr. and Mrs. Lyman have given up their apartments at the Fairmont and are settled in the attractive residence they leased in Washington street, overlooking the Presidio.

THEATER PARTY AND TEA.

Mrs. R. A. Ferry was hostess at an Oakland party followed by tea at the Hotel Oakland this afternoon when she invited Mrs. John J. Radford to visit some of the other German watering places and will not plan her homeward journey until the fall. In her absence, "Lied Leo," the Clay place in Fruita, is closed.

BRIDGE AT OAKLAND.

Mr. George Lyman, president of the bridge party yesterday afternoon in his apartment at the Hotel California, it was a farewell affair preceding the departure of Miss Horton and her father, Albert Horton, for their summer home at Lake Tahoe. The guests enjoyed themselves at a prettily decorated table in the lounge. Among those present were Mr. A. P. Macaulay, Mrs. Hugh Gower, Mrs. Jack Schaeffer, Mrs. Frank Weston, Mrs. Frank Burnett, Mrs. E. W. Anderson, Mrs. B. E. Dean, Mrs. Phil Heuer, Mrs. Mabel C. W. H. L. Hynes and Mrs. W. C. Frutell.

TO VISIT TAHOE.

Mrs. John Charles Adams, with Miss Vera de Tera Adams and the younger children, will spend several weeks at the lake Tahoe, where, among other visitors will be the Charles Butters, Mr. and Mrs. Charles Bills and Mr. and Mrs. James Moffitt.

SOUTHERN WOMEN MEET.

Mr. Albert Sydney Johnston chapter of the Daughters of the Confederacy of which several prominent Oakland women are members met yesterday at the beautiful home of Mrs. Frederick Helmold in Claremont. It was announced that Mrs. Helmold is president for the ensuing year. Miss Ethel Barnes is vice-president, Mrs. Herbert Hill treasurer, and Mrs. J. H. Remmers, secretary.

Thirty guests were present at the affair, given in the grounds of the Helmold residence, and a delightful afternoon of music followed the luncheon.

RECEIVE CONGRATULATIONS.

News has been received that a son was recently born to Dr. and Mrs. John P. Adams of Novato, and friends are sending their congratulations.

Mrs. Adams was Mrs. Hinde of Novato before her marriage to the young New York physician who has practiced in California for several years, while Dr. and Mrs. Adams are residing in Vienna, and on their return in 1915 will establish their residence in Oakland.

VISITING MRS. BOWIE.

Mr. and Mrs. Stanley Barnes of Palo Alto are guests of the latter's mother, Mrs. Hamilton Price, at her home in San Francisco. Mrs. Price is a niece of Mrs. Henry Barroletti and was frequently her guest last winter in Claremont.

USE PURE SOAP

Copyright By LILLIAN RUSSELL.
(By Lillian Russell)

SOAP and water is the burden of the song of most writers on health. I grant the water, but I am by no means enthusiastic about the soap. Many women will find their skins softer, whiter and healthier by omitting it altogether. The reason is the difficulty in obtaining a soap which is safe—that is, one which contains no excess of alkali and one that has in it no rancid fat globules, injurious oil or coloring matter or irritating foreign substance. Is it not better to use no soap at all than one that contains such injuries?

SOAP and water is the burden of the song of most writers on health. I grant the water, but I am by no means enthusiastic about the soap. Many women will find their skins softer, whiter and healthier by omitting it altogether. The reason is the difficulty in obtaining a soap which is safe—that is, one which contains no excess of alkali and one that has in it no rancid fat globules, injurious oil or coloring matter or irritating foreign substance. Is it not better to use no soap at all than one that contains such injuries?

For bathing purposes a piece of pure castile or eurp soap is as desirable as any. For the hands a perfumed neutral article may be chosen, not too highly colored or too odorous. For the face the less soap of any kind that is applied to it the better. Almond meal, bran or oatmeal may be used as substitutes for soap with beneficial effects.

If you have a fine skin do not use soap upon it, unless it is inclined to be oily, and then use only pure soap and that sparingly. If your skin is inclined to be dry use a pure, cleansing cold cream on a wash cloth and wash your face and neck with it, just as you would if you were washing with soap and water.

Remember: The most expensive article of your toilet is impure soap.

orange flower water. Mix and bathe the face with this lotion at night before retiring. Allow it to dry on the skin. In the morning use plenty of cold cream.

BERTHA—Benzoin usually is added to a cream to prevent it from turning rancid and also because it is whitening to the skin. I would not advise you to use cocoa butter on your face. It is too heavy and may cause a growth of hair on the face. Olive oil is also too heavy to use on the face. If you care for my formula for skin food I shall gladly send it to you with instructions for facial massage. Proper massage will keep the muscles of the face from sagging and prevent and remedy wrinkles.

MRS. W. A. S.—I cannot possibly give you all the information you wish through my column. You should have enclosed a stamped, addressed envelope. I have a good formula for both the cold cream and skin food, which I shall be glad to send you upon receipt of the stamped, addressed envelope.

L. M.—The only thing I can suggest is to just leave the hair alone. The dye will gradually wear off, but of course the hair will not look nice for a while, for it will get streaked. Shampoo it about every six weeks and massage with the hair tonic each night.

E. R. R.—There is no way of changing the shape of the nose. I do not advise operations for correcting beauty lines.

SALLIER—The following is good for freckles: One-fourth ounce carbonated potash, one-eighth ounce chloride of soda, eight ounces rosewater and two ounces

OTIS—The cold cream is used as a cleanser. I am glad it has done you so much good. I have a formula for an excellent skin food that will eradicate wrinkles with massage and I shall be glad to send it to you upon receipt of a stamped, addressed envelope.

LESSON X—PART II.
BREATHING: ITS RELATION TO HEALTH AND BEAUTY.

Out-of-door exercise, golfing, rowing, tennis, long walks when done under proper conditions and with the skin properly protected, are beautifying as well as health giving. These pleasant things, however, demand a certain amount of leisure and many women are not able to indulge in them for that reason. In such cases regular night and morning. These need not take much time—20 minutes a day, divided into two parts, is sufficient. An out-of-door exercise is taken in conjunction with marked improvement in both health and appearance will be noted.

THE YOGI SYSTEM.

The Yogi system of physical culture includes the habit of rhythmic breathing to be practiced daily or whenever the nerves are out of normal tension. The devotees lie flat on the floor, body relaxed and arms outstretched, inhaling and exhaling regularly, counting four with every breath.

I also recommend the following breathing exercises for those who suffer from nervous attacks which momentarily disable the subject from work.

Lie on your back in a comfortable position as possible, and loosen the clothing, if it in any way restricts the breathing. Inhale and exhale slowly ten times, concentrating attention on the palms of the hands with the idea that you are breathing the air that way.

Next concentrate the attention on the soles of the feet, and inhale an exhalation deeply ten times. For the next ten inhalations and exhalations concentrate the mind on the elbows, as if the air were entering and leaving the body at the knee joints. To finish take twenty deep breaths, slowly inhaling and exhaling, imagining that the air is entering and leaving by every pore in the entire body.

These exercises, like the Yogi exercises, improve the blood, as all breathing exercises, and they have as well a hypnotic influence on the mind. They ward off nervous spasms, and in many cases arrest them, but they are not necessary for the normal subject.

HOTEL MEN PUZZLED; NEED NEW ATTRACTION

NEW YORK, June 3.—The hotel dancing craze is about over, but just what will supplant it is not known yet. This was the general impression given yesterday by 131 hotel men, representing all the important American cities, who returned from a two months' "idea hunt" in Europe.

"America still leads the world in the quality of its hotel tables," said Edward M. Tierney, president of the Hotel Men's Mutual Bureau, under whose auspices the trip was taken.

WIFE JOINS IN FIGHT BETWEEN TWO MEN

NEW YORK, June 3.—Sam Glencie of Bethlehem, Pa., who asked Police Sergeant Thompson of Yonkers to search for his wife a few days ago, overtook her yesterday in Adams Corner, Putnam county, while she and John Melhall were in a buggy.

Glencie hotly accused Melhall of stealing his wife. The two men began fighting. Glencie knocked Melhall down and was pummeling him when Mrs. Glencie leaped from the carriage and beat her husband with a horsewhip until he fled.

HUBBY CAN SPANK HER SHE SAYS

NEW YORK, June 3—"My husband spanked me, but I had dislodged him, and he did right to punish me," said Anna Laparono, a pretty bride, aged 20, when she appeared in the Court of Special Sessions in Jamaica, L. I., to withdraw a charge of assault against her husband, Louis.

"So you think he had a right to punish you if you disobeyed him?" asked Justice Salmon.

"Yes, I do," the young woman replied.

"I think every wife should obey her husband."

The judge permitted her to withdraw her charges.

ADOPTED NIECE FOUND IN A STUDIO

NEW YORK, June 3.—Circumstances under which the late Henry Bedlow, former diplomat and Mayor of Newport, became acquainted with his "adopted niece," Elizabeth Bayliss, to whom he bequeathed his entire estate, were told yesterday by his daughter, Mrs. Harriett Hall Morris. She is staying at the Manhattan Hotel.

"My father met Miss Bayliss seventeen or eighteen years ago in an artist's studio," said Mrs. Morris. "I must state the young woman is not related to us. We are not going to fight the will."

FINANCIER FURTH DIES IN SEATTLE

Head of Various Banking and Industrial Corporations Is Heart Trouble Victim.

SEATTLE, June 3.—Jacob Furth, president of the Puget Sound Traction, Light & Power Company, and chairman of the board of directors of the Seattle National Bank, died at his home here late today.

Death was caused by heart trouble. Two months ago he went to San Francisco for treatment and after a month there, returned and began putting his affairs in order for the end.

Furth, the leading financier of Puget Sound and head of the Stone & Webber interests in the State of Washington, was born in Bohemia, in 1840, and came to America when 17 years old, going direct to California. He attended school at Nevada City and engaged in business at North San Juan, Cal., and Colusa. In 1882 he sold out his business in California and came to Seattle.

CONSOLIDATED STREET ROADS.

In 1885, while at Shingle Springs, Nev., Furth married Miss L. A. Dunton of Indiana. Mrs. Furth and three daughters, Mrs. Jane F. Terry, Mrs. Frederick K. Struve, and Mrs. Alexander M. Weatherill, wife of Captain Weatherill, U. S. A., are living.

In addition to his interest in banking,

Mr. Furth became interested in the traction system of Seattle and with the aid of Boston capitalists effected a consolidation

of the numerous small street railway companies in Seattle, after taking in the systems in Tacoma, Everett and Bellingham together with interurban lines connecting with those cities, forming the Puget Sound traction, light and power company of which he was president.

Mr. Furth was actively interested in many corporations, banking and industrial, throughout the State, including the First National Bank of Snohomish; the Bankers Trust Company of Tacoma, the Lumberman's Bank of Hoquiam; the Citizens' Bank of Bremerton; the Kitsap County Bank of Port Orchard; the Seattle Title and Trust Company, and the Furth Investment Company.

In April 1913 following the failure of the private banks of W. E. Schricker and Company of Leavenworth, Mr. Furth was convicted of abetting W. E. Schricker in appropriating deposits after Schricker's bank was known to be insolvent. A fine of \$10,000 was imposed upon the Seattle banker, but Mr. Furth appealed to the State Supreme Court, where the case is still pending.

ADELE RITCHIE AND HUSBAND SEPARATED

NEW YORK, June 3.—The arrest yesterday of Tom Sylvester, chauffeur for Adele Ritchie, the comic opera star, led to the announcement that she and her husband, Charles Nelson Bell, are separated. They were married on June 12, 1915. Miss Ritchie intimated she will begin legal action.

The chauffeur was accused of stealing

the wife's jewelry. When Sylvester explained in court that he had been instructed by Miss Ritchie to take the car, he was released.

EMPERESS' DEATH TOLL GROWS

1024 IS TOTAL
OF LIVES
LOST
LUCK

More Than 1400 Souls Are
Found to Have Been
Aboard.

MONTREAL, June 3.—The news that Lord Mersey, who presided over the trial of the Empress of Ireland disaster, is to be a member of the royal commission appointed to investigate the Empress of Ireland disaster, was received here with satisfaction. As Lord Mersey was president of the Titanic court, it is assumed that he will be similarly honored when the Empress commission meets.

The Canadian members of the commission are Chief Justice Ezekiel McLeod of New Brunswick and Sir Adolphe Routhier of Quebec. The commission will be assisted by two nautical assessors, a marine engineer and a naval architect. Appointments for these positions have not yet been made.

Just when the commission can begin work still is undetermined, but it will probably not be for ten days. The inquiry will be of the judge's scope and the government will be represented by counsel. It is announced, and it is probable, there will be a discussion of rules of navigation in Canadian waters.

DEATH TOLL HEAVIER.

Another change has been made in the number of dead. The latest figures, given out in an official statement by the Canadian Pacific Railroad Steamship Company, show that 1024 persons were lost. The company has learned that there were 1476 persons aboard the Empress instead of 1357, as heretofore stated; hence the increase in the death toll. The total saved is now given at 472.

Captain Walsh, marine superintendent of the Canadian Pacific railroad, arrived here today and issued this statement:

"The Canadian Pacific railroad will not relax one iota in doing everything in its power in looking after all the bodies it may be able to get."

"With regard to the possibility of raising the Empress of Ireland, the best possible expert opinion is being sought."

STARSTAN RESCUED MANY.

Captain Cve Lange, Montreal agent of the Maritime Steamship Company, owners of the Starstad, in a statement declared that out of about 450 persons who survived the disaster, 350 were cared for on the Starstad. Of these, 225 were rescued by the Starstad, while thirty others rescued by the Starstad's men were placed on the government steamer Eureka. The lifeboats of the Empress of Ireland are credited with saving 125 and bringing them on board the Starstad.

"The Starstad's small boats," Captain Lange said, "were loaded to the limit of their capacity, and they were no more to be saved."

American Expedition
to North, Peary's Plan

NEW YORK, June 3.—Rear Admiral Robert E. Peary, Arctic explorer who reached the North Pole on his last trip to the frozen north, in a communication sent here from his home in South Harpswell, Maine, suggests that Captain Robert Bartlett be sent to the Antarctic at the head of an American Expedition.

Peary's statement was prompted by the news that Bartlett, after his ship, the Karluk, had been crushed in the ice, led his people to safety on Wrangel Island, and then made a long and trying journey to obtain relief for them.

"When he has brought his people back to civilization," says Admiral Peary, "it would be a fine thing if this country, through its scientific organizations, would purchase the Roosevelt, which can be used for one-fifth her cost, fit out an American Arctic expedition to enlarge the field of geographic knowledge, enrich our museums and give our scientists valuable material—and put Bartlett in command."

MISSCAWSTONWEDS
Society Present at Brilliant Event
W. FILLMORE GROOM

MRS. WILLIAM HAYDOCK FILLMORE (MISS PEARL CHASE CAWSTON), WHOSE WEDDING LAST NIGHT WAS BRILLIANT AFFAIR.

Society gathered at St Paul's Episcopal Church last evening for one of the most brilliant and beautiful weddings of the season, when Miss Pearl Cawston, daughter of Mr. and Mrs. Tyler Cawston, became the bride of William Haydock Fillmore. Montecito avenue was filled with limousines and electric for several blocks as the cars left their freight of handsomely gowned women and conventionally attired men at the church and took their places in long double lines down the avenue.

Within the church was fragrant and beautiful with flowers. The aisle of the edifice was banked with green and at the altar a profusion of roses and Bermuda lilies were used. In the back of the church the flower girls in their gowns of pink and white roses and the chancel was filled with roses, gladioli and lilies.

BRIDE Dainty Picture. The dainty little bride was a picture in her wedding gown with its long court train, that was one of the handsomest bridal robes of the year. It was of soft white satin embroidered with seed pearls in a pattern of roses. Over flesh colored satin, a pearl embroidered tunic of princess lace fell gracefully and there were long transparent sleeves of maline. The lace veil was embroidered also with seed pearls in a delicate tracery, and was fashioned into a becoming cap, with sprays of orange blossoms. The bride carried a shower of white orchids and valerian.

Among prominent out-of-town guests at the wedding were Judge and Mrs. Fred Henshaw of Redwood City and San Francisco and Mr. and Mrs. H. E. Chase, and included among those present were representatives of most of the prominent families in east bay society.

PLEADS FOR RATE. Raise in America

BERLIN, June 3.—Arthur Von Gwynnen, managing director of the Deutsche Bank, and one of the leading banking authorities in Europe today, discussed American railroad affairs in an address to the American Luncheon Club here.

She entered the church on the arm of her father, Tyler Henshaw, who gave her into the groom's keeping.

The maid of honor, Miss Esther Bradford, and the bridesmaids, Miss Florence Henshaw, Miss Eleanor Tay, Miss Ida Henshaw, and Miss Anne Spring were a picturesque and lovely group in their quaint costumes with wreaths of roses in their hair and carrying tall shepherd crooks twined with flowers. Miss Bradford was all in pink, but the bridesmaids' gowns were varied with stripes of rainbow colors in the soft pastel tones. The gowns were of Japanese pink taffeta with slight panniers and lace bodices embroidered in gold. The hair wreaths were of pastel shaded roses and the same varicolored flowers shading from deep pink to the paler tones, and lavender, were used on the crooks. Little Miss Dorothy Cawson was a pretty flower girl in a white embroidered frock over pink, and carrying a basket of pink roses.

Reports on child labor, done by workers from three to twelve years of age, in oyster canning factories in the Gulf States, in vegetable canneries in New York and in coal mines and cotton mills, were submitted to the commission in testimony against the present declared laxness of child labor laws and of their enforcement.

REPORTS ON CHILD LABOR. The present plight of the American railways is becoming a menace to the general financial position of the world.

Theirs have reached a state of distress approaching calamity and a remedy must be brought about.

Phone Co. Declines Terms of Franchise

ALAMEDA, June 3.—The Pacific Telephone and Telegraph Company has refused to accept the 20-year franchise offered by the city in return for 2 percent of the gross receipts and 48 telephones. The company, however, has submitted the proposition whereby it will give for a 25-year franchise 2 percent of the gross revenue, 23 telephones, \$5000 worth of contracts, and will not charge for the telephones used since the old franchise expired and will give the city \$2000 as part of the revenue since the expiration of the old franchise.

NEW EDUCATION PROFESSOR. BOSTON, June 3.—President Arthur Wilde of the University of Arizona was appointed professor of education in a special organization at Boston University today. It is understood he will accept. President Wilde was graduated from Boston University in the class of 1881.

MRS. HENSHAW'S COSTUME.

Mrs. Tyler Henshaw was stunning in a costume of navy blue brocade embroidered in gold and pale pink shades. The overdress fell over a petticoat of gold. With her was her father, Colgate E. R. Harrington, who had come from his home in Portland to attend the wedding. The marriage service was read by Rev. Alexander Allen of St. Paul's. The best man was Thomas Hogan Jr., and the usher was Griffith Henshaw, Bradley Carr, Ransom Henshaw and Frank Hall.

For the reception that followed the ceremony the Henshaw residence in Vernon street was elaborately decorated in a color scheme.

church. There were banks of pink roses shading from American Beauty color to the paler tones. The young couple stood under a canopy of "Dorothy Perkins" roses in the reception room to receive the good wishes of their friends. The dining-room was a bower of pink sweet peas, and from the ceiling long garlands of the fragrant flowers were swaying over the tables.

RUMORS OF ROMANCE.

At the bride's table were the wedding party, and in addition Miss Edith Dab-

ton, Charles Kenney of San Francisco. There were rumors of romance in the air, and it was said that two of the bride's pretty attendants might soon announce their engagements, but they immediately denied to confirm the

JAPANESE SEA
CAPTAIN TO
RE DIRECT
UL OULUI

Vice-Admiral and Crew Will
Be Hosts of Countrymen
Here.

Vice-Admiral Telling Kuroi of Nippon, in command of the two first class cruisers Asama and Azuma of the Japanese navy, will be the guest of Oakland next Thursday following his arrival here with his squadron from San Pedro. With him will be his aide, Commander Shizuo Komaki and Lieutenant Kwan Arima. Captain Tokutaro Hiraga of the Asama and Captain Kozo Sato of the Azuma. The two war vessels constitute a training squadron and carry a large number of non-commissioned officers and cadets, who will share the honors of entertainment.

The visitors will be welcomed in this city on June 11 by the Japanese Association of Oakland and entertained with a tour of the municipality and its environs. The officers will be the guests of the Commercial Club at a noon luncheon and will be greeted by Mayor Mott and the city commissioners.

The two cruisers left Yokohama on April 30 and stopped at Honolulu en route to San Pedro. They will reach San Francisco on the morning of June 6, remain until June 14 and then sail for Vancouver, Victoria, Tacoma, Seattle and Yokohama. An elaborate program of entertainment has been arranged.

ENLISTMENT NUMBERS.

The Asama carries thirty-seven officers, seventeen warrant officers, 677 non-commissioned officers and sailors and sixty cadets. The crew of the Azuma numbers thirty-four officers, seventeen warrant officers, 652 non-commissioned officers and sailors and fifty-nine cadets. Vice-admiral Kuroi was promoted from the rank of rear-admiral since his departure from Japan, and did not know of his elevation until informed yesterday at Los Angeles by Y. Numano, Japanese Consul General of San Francisco.

A reception to the cadets will be given in San Francisco on Sunday at the residence of Consul General Yasutaro Numano. On June 9 the officers will be guests at a luncheon at the Fairmont hotel. The cadets will be taken to the summit of Mount Tamalpais on June 10 and the officers will be entertained at dinner by the chamber of commerce. A reception at the Bohemian Club will follow. June 11 will be Oakland day and on the following day the cadets will visit Sacramento.

COLLEGE MEN LOSE
High School Graduates Have
Advantage, Asserts Noted
Educator.

NEW YORK, June 3.—The inadaptability of college men to the demands of some highly specialized industries has led to their being superseded as employees by high school graduates, who can be developed along the desired lines, according to George P. Basford of the Mount Vernon School of Industrial Arts, in testifying today before the federal commission investigating industrial relations to obtain data for remedial legislation.

Basford, who has been connected with large railroad and locomotive corporations, said that corporation schools are much more efficient in giving industrial education than public schools.

"When a boy once makes up his mind on the trade he wants to enter," he said, "he can learn more in that trade amid commercial surroundings than he can at school."

One large corporation which had ceased employing college men now takes boys graduating from high schools, training them for its service in a highly specialized school of its own, he said.

Reports on child labor, done by workers from three to twelve years of age, in oyster canning factories in the Gulf States, in vegetable canneries in New York and in coal mines and cotton mills, were submitted to the commission in testimony against the present declared laxness of child labor laws and of their enforcement.

PORTRALD, Ore., June 1.—Not for years has Portland witnessed such a baseball game. Portland hammered five Sacramento pitchers for fourteen hits and scored seventeen runs to five for the Wolves. Gabe Arrelanes, Kremer and Woberton handled the mound and returned the Beavers' hitting in the eighth. Ryan and Lober bagged home runs. Rogers took the lead in Coast League baseballing by pinching twice and third base once in the same inning. Score:

AMATEUR BASEBALL

Any team winning game Saturday night or Sunday during excursions from the Oakland Wheelmen, phone Manager Jewel, Oakland 5087, or write to 519 Nineteenth street, Oakland.

In one of the greatest games seen this season at Lincoln Park Alameda defeated Louis Tournier's fast Wilemians of San Francisco 7-6, the game was a thriller all through and kept the fans on their feet. Nelson was not feeling well but stuck to his job and won out. The hot weather being on both sides. A great relief to the crowd, however, came when Alameda in the ninth, keeping the Wilemians from getting better than a run. Alameda won out in her nail with three runs and two on Gay, he drove a nice hit behind third base, scoring Ross from second and winning the game.

UPBRAIDED, SHOTS MASON TO GIVE TO END OWN LIFE WOMEN'S NIGHT

Arthur Pringle Inflicts Severe
Wound; Saved by Wife's
Struggle.

SAN FRANCISCO, June 3.—Upbraided by his wife, Blanche Pringle, for returning home at an unseemly hour, Arthur Pringle, an entertainer, threatened her life and that of their 9-months-old infant at 3 o'clock this morning and finally taking a revolver shot himself through the left shoulder. That Pringle did not succeed in committing suicide, was due to a terrific struggle made by Mrs. Pringle for possession of the pistol and while the couple were wrestling on the floor of their bedroom, the husband got his finger on the trigger and the shot plowed its way through his shoulder. The Pringles reside at the Chester Apartments, 245 Leavenworth street. Pringle is employed at the Pup Cafe, only a few blocks distant. When he did not come home as usual at 1 a.m. Mrs. Pringle became nervous and as he quietly opened the door of their apartments, hoping to slip in softly without disturbing his family, he found her waiting for him. He has been despondent over money matters and when he was scolded for his late return, became angry. Mrs. Pringle says that he threatened to kill her and their child and that finally when she succeeded in pacifying him, he picked up the revolver and said he was going to kill himself. It was then that the fight for the possession of the gun occurred. The report of the shot attracted the occupants of an adjoining apartment and caused a small-sized panic in the building. A private ambulance was summoned and Pringle was taken to the Central Emergency Hospital.

Detectives Conlan and Dolan investigated. Pringle admitted that he had made an attempt on his life and Mrs. Pringle gave out the further information that he had threatened her and their little one.

Splendid Remedy For Eczema

Also for Salt Rheum, Acne,
Tetter, Psoriasis and
Other Skin Troubles.

After using S. S. for a while the characteristic marks of all skin troubles change completely. When eczema becomes chronic the lower skin loses its power to divert impurities and thus they continue to gather in the upper skin, thus already attacking the action of S. S. It is a妙 of an antidote, and this fact has been demonstrated time and again in the most severe forms of weeping eczema.

Its influence in the tissue where the tiny arteries carry the red blood for the worn-out blood to the skin is most remarkable and goes on constantly with every tick of the clock—the beat of the heart.

And new skin is thus caused to form while the germs of irritating influences that have been so powerful and their harm can be entirely suspended.

S. S. has a wonderful tonic influence in the blood because it contains no "dope," is entirely free of any mineral drugs or any other drugs except the remarkable medicinal vegetable products of which it is made.

Few people realize how harmful are many of the strong, crude ointments that used to be in favor before they learned that S. S. is safe, speedy and sure. Ask at any drug store.

There is a good trial and you will soon see a decided improvement in any form of skin trouble. Write to The Swift Specific Co., 388 Swift Bldg., Atlanta, Ga., for special free advice and new book on skin or blood trouble.

PERSONALS

Mrs. H. ARMSTRONG and daughter, Alta, returned home from Truckee the first of the week.

E. L. NOBACK has gone to Quincy to recuperate from a recent attack of fever.

WALTER R. JOHNSON spent the week-end with his mother, Mrs. H. L. Brooke of Mill Valley.

J. C. MURDOCK was in Fresno last week for a few days.

HUMUS IS LOST BY FIRING LAND

Such Is Discovery of U. S.
Scientists, Announced for
Farmers.

WASHINGTON, June 3.—Warnings to farmers against burning off woodlands, or "logged off" lands are being sent broadcast by the Department of Agriculture. It is stated that after careful and widespread experiments by the Forest Service, it is now demonstrated that in burning off lands the valuable "humus" is destroyed.

The fires rob the soil of this crop-producing element, it is asserted. Where fire has not entered, a large amount of vegetable matter, providing considerable fertility, and good soil texture is retained.

DANDELION CONTROL.

"How to Fight Dandelions" is the topic of a government booklet just issued, coming to the rescue of the spring lawn mower brigade. Three remedies are suggested by the Department of Agriculture.

One remedy suggested is to thicken the stand of grass, so as to crowd out Mr. Dandelion. If this doesn't work, cut out the dandelion tops and sprinkle salt on the exposed roots. Then if the weed does not succumb, the only sure remedy is to spade up the ground and start afresh. Spraying dandelions with iron sulphate is disapproved. The iron kills the grass as well as the dandelions. Cutting off the tops only aggravates the plant, it is said.

Another way is to pull. After cutting, the roots grow deeper, thicker and harder. Spring is the time to choke off the dandelion crop. In some countries, dandelions are a valuable truck crop, the department declares.

BEWARE OF SAL."

"Housewives, stop using salicylic acid in your preserves," says a warning from the Department of Agriculture. Because of the alarming increase in the use of this acid the department sent out an urgent warning. "It is true," says the department, "that these powders may prevent the decay of fruit or vegetables, but they also encourage uncleanly or careless work, and their excessive use may be attended with very serious effects upon the health."

"Salicylic acid is a medicine and it is well known as a poisonous substance and one of the evils which may accompany its use is derangement of the digestion. It is therefore plain that its extensive use in food may lead disturbances of digestion and health."

HAM AND—BY MAIL.

The shipping of eggs, ham, little neck clams and maple syrup by parcels post is a success. Records received daily by the Department of Agriculture and the United States post office show that farmers in the eastern states, especially, are shipping farm products to hundreds of patrons in nearby cities. Centered about Washington alone there are 174 farmers who are selling by parcel post. One of them living in Quimby, Va., offered little neck clams in 100 lots and sold \$60 to employees of the local postoffice the first day.

LABELS, NOT LIBELS.

Three departments of the federal government have just ruled that all packages of food must tell the truth, on their wrappers, of the amount of volume of their contents. By signing the "net weight law" the secretaries of agriculture, commerce and treasury have put into effect stringent regulations respecting the packing and bottling of food stuffs.

The regulations require that the quantity stated on the container must represent the actual quality of food exclusive of wrappings and container. Under this requirement it would not be enough to state that a package of candy contained 24 cream peppermints, as candies vary in size and this would not be a statement of the actual quantity in the package. In general solids must be stated in terms of weight and liquids in terms of volume. The new rule is so worded, too, that queer-shaped bottles must not show discrepancies greater than those of standard square or round bottles of the same capacity. Packages weighing 2 ounces or bottles containing less than one fluid ounce are exempt from the regulations.

MUNICIPAL OFFICIALS OPPOSE MANAGER PLAN

AUBURN, N. Y., June 3.—Municipal taxation and city planning were two of the most important subjects planned for discussion at the annual sessions of the New York state conference of mayors and other city officials, which opened here today. Few towns and cities of the state are not represented either by their own mayors or by other delegates.

MICHIGAN CITIZENS TO WORK ON STATE ROADS

The city manager plan of government, like that in vogue at Stanton, Va., Dayton, O., and other cities, will be thoroughly gone into. Informal sentiment expressed today by a half dozen mayors was strongly against the city manager plan.

Administrative efficiency, fire prevention, the development of parks and playgrounds, the repression of commercialized vice and efficiency in public health work are other subjects which are to be discussed.

A special report, the result of year's investigation, will be presented by Lawson Purdy, president of the conference, on taxation and the assessment survey of cities.

Sessions will continue tomorrow and Friday.

**This Lung Remedy
Known Fifteen Years**

Persons suffering from, or threatened with lung trouble, should investigate Eckman's Alternative. What it has done for others, it may do for you. Read this:

"Gentlemen—December 1912, I had a felon cold which developed into pneumonia. The doctor did all he possibly could for me, but could not cure my lungs. One day I saw a remarkable telling of Eckman's Alternative which I had from taking Eckman's Alternative for a trouble of the lungs. I began taking it, and soon felt great results. My lungs began to gain in strength and was soon well enough to go to work again. I am now a missionary worker for the New York Home for Homeless and Friendless Boys." (Abstinent.)

Eckman's Alternative is most efficacious in bronchial, lung, heart and severe throat and lung affections and upbuilding the system. Contains no harshing tones. Sold by The Owl Drug Co. and leading druggists. White Eckman's Laboratory, Philadelphia, Pa. For booklet of discoveries.

Maine Day Picnic Program Varied

NELSON PAGE.

The State of Maine Association will hold its thirty-sixth annual reunion on Saturday, June 6, at Shellmound Park. Aside from the usual games and outdoor sports, a musical and literary program will be given. The customary dinner of hot baked beans, brown bread, hot coffee with cream, will be served.

The association poet, E. H. Black, will recite one of his original poems during the run of the program. Dancing will be provided in the pavilion.

TAX LIST

OF THE
COUNTY OF ALAMEDA
STATE OF CALIFORNIA.

IMPORTANT NOTICE

All Taxpayers are Requested to Examine Carefully the Delinquent Tax List and Report Errors, if any, Immediately.

State and County Tax Sale

For the Year 1913.

STATE OF CALIFORNIA,

County of Alameda
Public notice is hereby given that default having been made in the payment of taxes due to the State of California, and to the County of Alameda, for the year 1913, upon the property hereinafter described, and the Tax Collector of the County of Alameda, by virtue of power and authority given by law, doth upon Monday, November 24th, 1913, and upon Monday, the 27th day of April, 1914, at 6 o'clock p.m., levy upon said property; now therefore, I, James B. Barber, Tax Collector, do sign.

MONDAY.
At the 24th day of June, A.D. 1914, At the hour of 11 o'clock a.m., commence to sell the same in the Tax Collector's office, in the County Court House, of the County of Alameda, or in the City of Oakland, unless the taxes delinquent, together with the costs and percentages, are paid, and that I will continue such sale until the whole property set forth hereinabove shall be sold pursuant to law, and unless the tax delinquent, as set forth together with the costs and penalties, are paid, the real property hereinabove, with usual slave taxes, are a lien, will be sold.

CONDITIONS.
No property will be sold to the State, or to any other person, within five years from the date of sale, or any time prior to the entry of sale of said land by the State in the manner provided by Section Three Thousand, One Hundred and Seventeen, Political Code.

DOLLARS AND CENTS.

Public notice is given that the figures appearing opposite, following last and after each description of property in the REAL ESTATE portion, also the figures appearing opposite, following and last after each name in the PERSONAL PROPERTY portion of this list, represent the amount due for Taxes, and the list for 1913, and for the County of Alameda, were intended to and do represent respectively in Dollars or in Cents, or in Dollars and Cents as the case may be, the amount due for taxes and costs in the manner of taxes, to wit:

When the figure is followed by the word "CENTS" were intended to be and are represented; when or where MORE THAN TWO FIGURES thus appear therein, CENTS were intended to be and are represented by the last two figures occupying and appearing at the right of the same, and the amount due for TAXES AND COSTS in the respective cases aforesaid are thus expressed in Dollars and Cents.

Public notice is hereby further given that, included in the following list of pieces of property, in which debts have been made up, the payment of taxes due to the State for the year 1908, there are pieces of property which were sold to the State of California in the year 1909 for delinquent taxes for the year 1908 under the provisions of Section 3771 of the Political Code, on which plan of property was filed for the year 1908 and main unpaid; none of said pieces of property has been redeemed, nor the same cancelled. Each of said pieces of property last referred to is designated as held by the insertion of a note placed as follows:

"The property above described under assessment number (giving number of assessment) was sold to the State in 1909 for delinquent taxes of 1908."

Public notice is hereby further given that, an additional list is attached to this notice, at the end thereof, containing all of the pieces of property last referred to, preceded by a statement that the same will be sold at public auction; which list and all statements therein contained, are hereby referred to and made a part of this notice.
